CLEANSE

ENZYME CLEANSING GEL

01
Feel light, stay bright – all day & night

ENZYME CLEANSING GEL

This multi-action cleansing gel formulated with a unique combination of natural plant, fruits and amino-acid ingredients. It removes your make-up just as thoroughly as it quickly eliminates dirt, impurities and excess sebum from your skin, leaving it soft, clean and hydrated – without feeling tight.

Caring for your skin has never been easier. Dr HAACH’s Enzyme Cleansing Gel is the first – and last – cleanser you will ever need to kick start your day feeling bright, and enter the night feeling right!
**VITAL INGREDIENTS**

*Cucumis Sativus* (Cucumber) Fruit Extract is a natural skin emollient and softener with cooling properties. Cucumber fruit extract contains a wide variety of nutrients beneficial to your skin (vitamins, minerals, amino acids, phytosterols, phenolic acids, fatty acids, and cucurbitacins). It also functions as an antioxidant, anti-inflammatory, and skin-conditioning agent. Moisturise, nourish, whiten and soothe your skin while limiting free radical damage. Polysaccharides properties in cucumber fruit extract create a gel-like layer on your skin which acts as a barrier to retain moisture.

**Papaya Fruit Extract** is packed with valuable nutrients and antioxidants. It contains powerful enzymes that are used in the treatment of some ailments. Papaya is rich in Vitamin A, B, C, carotenoids, and antioxidants that help combat aging and sun damage. Papain is an enzyme found in the papaya plant. It exfoliates dead surface skin cells naturally and allows healthy cells to resurface for a brighter, smoother complexion.

**Aloe Barbadensis** (Aloe Vera) Leaf Extract. Commonly used in cosmetics as a soothing and calming agent. Aloe Vera Leaf Extract contains anti-inflammatory and moisturising properties. It is 100% natural and rich in vitamin A, B, C, and E, as well as antioxidants to counter the aging process. Its pH value is almost identical to human skin, which helps “normalise” the epidermal surface to restore the pH balance of the skin. This wonder leaf also promotes healthy cell metabolism and encourages the production of healthy cell tissue to reduce fine lines and wrinkles.

**Chamomilla Recutita** (Matricaria) Flower Extract. Commonly used to relieve irritations and calm sensitive skin. Chamomilla Recutita (Matricaria) Flower Extract soothes and moisturises your skin while preventing bacterial growth. It is often used as a natural treatment for various skin disorders such as eczema and psoriasis. The plant’s flowers are rich in flavonoids (namely apigenin, quercetin, patuletin, and luteolin), which contribute to the ingredient’s anti-inflammatory, anti-erythema (reddening of the skin) and antipruritic (itchiness) properties. This supercharged ingredient accelerates the skin’s natural healing process.

**Bladderwrack** (Seaweed) Extract. Packed with vitamins B1, B2, and B12. Bladderwrack extract refines skin’s texture with long-lasting hydration while improving the skin barrier function. It is also a strong diuretic that reduces cellulite. Iodine and minerals found in Bladderwrack nourishes and eliminates skin toxins that cause dryness, wrinkles and excess fluid retention.
Benefits

- Effectively removes dirt, impurities, sebum, and make-up to purify skin for clearer, brighter complexion
- Repairs dry and damaged skin
- Moisturises the skin
- Skin whitening effect
- Hydrates the skin, giving it a soft and smooth appearance
- Rejuvenates the skin and improves the absorption of skincare nutrition
- Anti-inflammatory properties
- Rich in antioxidants
- No animal testing, paraben-free, fragrance-free

How to use?

ENZYME CLEANSING GEL

Morning:
Dispense a small amount in the palm of your hand and lather with water. This action will transform the gel into foam. Gently massage the foam onto your skin and neck in circular movements. Rinse thoroughly with water. Follow through with Micro Treatment Lotion.

Evening:
Apply Enzyme Cleansing Gel in small circular movements. The gel will transform into a white gel that traps dirt, impurities, sebum, and make-up. Wet cotton facial pad with lukewarm water and wipe off the product from your skin to remove all traces of make-up. Rinse thoroughly with lukewarm water. Follow with Micro Treatment Lotion.

Caution: Do not store in extreme temperatures. Discontinue use if any allergic reaction occurs.
EXFOLIATE ANANAS EXFOLIATING GEL
ANANAS EXFOLIATING GEL

Infused with multi-action enzymes (Ananas Sativus Pineapple Fruit Extract and Cellulose Acetate). Ananas Exfoliating Gel effectively exfoliates to help reveal a smooth, fresh complexion without drying, irritating or causing undue stress to your skin. This gel is rich in Bromelain, which aids in skin restoration through skin cell regeneration. Infused with vitamin C, which improves elasticity, tackles signs of ageing and prevents pigmentation formulation – to unveil a more youthful radiant you!

With Dr Haach’s Ananas Exfoliating Gel, now you can eliminate all skin blemishes and impurities in sight – without your skin feeling tight!
Ananas Sativus Pineapple Fruit Extract is rich in the enzyme, Bromelain which attracts moisture to the skin and promotes moisture retention, leaving your skin soft and smooth. Alpha Hydroxy Acids (AHA) in Bromelain aids in exfoliation of dead and damaged skin cells. It encourages skin cell regeneration for improved elasticity, containing high antioxidant properties which help to protect your skin from free radicals, sun and environmental damage.

Sodium Hyaluronate is known for its ability to penetrate deep into the skin while supplying intense hydration to the skin. Sodium Hyaluronate helps to reduce the appearance of wrinkles by “plumping up” the skin. It also promotes microcirculation and nutrient absorption to maintain normal metabolism. Its powerful moisture penetration abilities allow the skin to be fully hydrated from the surface to the innermost layer resulting in a smooth and supple skin free from wrinkles.

Cellulose Acetate is a plant-derived material that is gentle on the skin. It aids in dead skin cells/impurities removal.

Dipotassium Glycyrrhizinate/Glycinon K2. This vital ingredient serves as a skin conditioning agent that improves the appearance of dry/damaged skin by reducing flaking and restoring suppleness. It also functions as an anti-irritant with anti-inflammatory and skin soothing capabilities that is effective in refining rough skin surfaces and acne. Studies have also shown that it inhibits the skin's tyrosinase activity and melanin production, making it a strong lightening/brightening agent that prevents hyperpigmentation.

Glycosyl Trehalose & Hydrogenated Starch Hydrolysate. This vital ingredient protects the skin from harmful UV rays and enhances the skin texture. Trehalose possesses inherent rehydrating, water binding properties and antioxidant powers. It enables the skin to retain moisture to prevent drying and aging. Hydrogenated Starch Hydrolysate (HSH) is a mixture of several sugar alcohols that functions as a skin conditioning agent that increases the water content to various skin layers by drawing in moisture from the surrounding air.
Bene/its

Caution: Do not store in extreme temperatures. Discontinue use if any allergic reaction occurs.

Ingredients:
Carbomer, Propylene Glycol, Glycerin, Palmitamidopropyltrimonium Chloride, PEG-8, Sodium Hyaluronate, Cellulose Acetate, Dipotassium Glycyrrhizate, Glycosyl Trehalose, Hydrogenated Starch Hydrolysate, Ananas Sativus (Pineapple) Fruit Extract, Coceth-7, PPG-1-PEG-9 Lauryl Glycol Ether, PEG-40 Hydrogenated Castor Oil, Mica, Iron Oxides, Titanium Dioxide, Cetrimonium Chloride, Fragrance, Diazolidinyl Urea, Propylparaben, Methylparaben.

How to use?

Step 01: Apply evenly onto dry face, lips, neck and décolletage, avoiding the delicate eye area. Massage in gentle circular motions to exfoliate the skin, paying special attention to the T-zone area.

Step 02: Rinse your face with warm water and gently pat dry with a soft cloth.

Step 03: Finish the cleansing ritual and prepare the skin for the next step of the beauty process with the Micro Treatment Lotion.

Step 04: Use Ananas Exfoliating Gel twice a week for brighter, smoother skin.

Benefits

- Exfoliates effectively to visibly smoothen and revitalises the skin’s appearance
- Gently removes impurities and dead skin cells, while invigorating skin renewal
- Contains Dipotassium Glycyrrhizinate to calm and soothe skin and reduces skin sensitivity
- Brightens and whitens skin, evens out skin tone
- Sodium Hyaluronate replenishes moisture levels and helps minimise fine lines & wrinkles
- Suitable for all skin types, including sensitive skin

ANANAS EXFOLIATING GEL

MICRO TREATMENT LOTION
Feel rejuvenated, reinvigorated and recharged with DR HAACH Micro Treatment Lotion! Featuring the miracle ingredient, Croton Lechleri Resin extract, also known as Dragon’s Blood. This wonder lotion promises to replenish, repair and restore any skin type to its original glory. Our Dragon’s Blood formula, contains a synergistic blend of effective skin rejuvenators. Namely, DELISENS™ Peptide, ALPAFLOR® MALVA AO and OSILIFT®. It improves skin texture and firmness from the inside out. Giving a smoother, firmer, plumper looking complexion. Also, it forms part of the skin’s essential barrier responsible for keeping moisture in and irritants out. These nutrient-packed ingredients drastically reduce skin dryness and prevents irritation. Our cutting-edge Micro Treatment Lotion provides a targeted solution to smooth, tone, firm, hydrate and tightens the skin. Enriched with a natural blend of ingredients, it deeply nourishes the skin to defy against aging symptoms. Designed to reinvigorate and refresh, the Micro Treatment Lotion is ideal for brightening up your complexion on the go.

Feeling prickly, burning, tingling, itching from too much sun exposure or UV radiation, heat, pollution, etc? This groundbreaking essence-in lotion will penetrate deeply into your skin’s surface for skin renewal to restore balance to your skin, leaving it soft, supple and luxuriously hydrated.
**VITAL INGREDIENTS**

**Croton Lechleri (Dragon’s Blood) Resin Extract.** Dragon’s Blood is a plant extract that offers wide benefits for the skin. It contains antimicrobial, astringent, anti-inflammatory, anti-bacterial, anti-oxidant, and anti-aging properties making it an excellent ingredient to be included in skin-care products. It supports skin protection and general wellness of the skin. Dragon’s blood aids in collagen formation, skin rejuvenation, tissue repair, and wound healing. Dragon’s Blood is the key component in Dr HAACH Micro Treatment Lotion.

**DELISENS™ Peptide Solution.** This key ingredient hexapeptide, helps to reinforce the skin barrier function by protecting the human dermal fibroblasts against UV radiation. Stimulating human keratinocyte proliferation to repair damaged tissue integrity. DELISENS™ Peptide Solution has a soothing effect that can mitigate nagging pain sensations, stinging feelings, discomfort, redness, itchiness and burning sensations. It significantly increases skin hydration, enhances skin moisturisation, as well as improves scaling, smoothness and softness while preventing the skin from flaking.

**ALPAFLOR® MALVA AO (Mallow Flower Extract).** Best known for its ability to soothe dry, rough skin, Mallow flower extract is an anti-irritant and anti-inflammatory ingredient that serves to gently calm while simultaneously moisturising and nourishing your skin.

**OSILIFT®** lifts the skin and rebuilds elastin and collagen fibres, reviving the skin back to its original youth with an instant lifting effect. It providing a smoothing and anti-wrinkle to boost makeup adherence thus leaving our skin is left smoother, toned, and more radiant after each use.
Benefits

- Visible lifting effect
- Repairs and calms sensitive skin
- Protecting against external aggressions
- Instantly brightens and refreshes
- Skin is deeply hydrated, firmer and pores are minimised
- Anti-aging helps reduce the appearance of fine lines and wrinkles
- Hydrates and smoothens the appearance of skin
- Promotes collagen formation, skin rejuvenation, tissue repair and wound healing
- Moisturises and nourishes the skin
- Instant skin reviver, ideal for an instant energy boost
- Anti-inflammatory and anti-bacterial
- Paraben, alcohol and fragrance-free

How to use?

Step 01
Apply Micro Treatment Lotion as the first step of your beauty ritual in the morning and evening.

Step 02
Using your hands, dispense 5-6 drops in the palm of your hands. Press onto cheeks, forehead and chin, smoothing from the centre of the face outwards, smooth the Micro Treatment Lotion along of your neck towards your clavicles.

Step 03
Use a cotton facial pad, dispense enough of the Micro Treatment Lotion to saturate the cotton facial pad before gently gliding it from the centre of your face outwards, along the length of your neck and across your décolletage.

Caution: Do not store in extreme temperatures. Discontinue use if any allergic reaction occurs.

BRIGHTENING SNOW CRÈME
Suffering from darkening or discolouration of your skin due to excessive sun exposure? End your hyperpigmentation nightmare with Dr HAACH Brightening Snow Crème!

Specially formulated with a concentrated combination of Tranexamic Acid and Melaclear 2. Dr HAACH Brightening Snow Crème works to prevent and reduce melanin production to treat many forms of hyperpigmentation and dramatically improve the texture and appearance of your skin. Spots, blemishes and other imperfections will be a thing of the past. Tranexamic Acid corrects and prevents dark spots. Melaclear 2 illuminates dull skin tones by renewing the skin’s top layer to reveal a perfectly smooth and refined complexion that lights up with pure radiance and translucency.

With Dr HAACH Brightening Snow Crème, natural beauty is no longer a fairytale – you can be the fairest of them all.
Tranexamic Acid Fruit Extract is widely used in dermatology to reduce skin discolouration. Tranexamic Acid is a potent ingredient recognised for its ability to brighten skin complexion and improve the appearance of discolouration. It corrects age and sun spots to restore radiance, even out skin tone and refine skin texture. In addition, Tranexamic Acid is extra gentle with no known side effects. This well-rounded ingredient is ideal for all skin types, from the most sensitive to the oiliest, be it acne prone or dry skin types. Tranexamic Acid is relatively stable to light, temperature, pH, and oxygen, requiring no additional protections, as compared with conventional whitening ingredients.

Melaclear 2 is a multi-component hydroglycolic solution which contains keratolytic enzyme that eliminates strongly pigmented epidermal cells. It regulates tyrosinase activity, thus progressively diminishing pigmentation located on the skin’s surface. Furthermore, thanks to its exfoliating components, regular use provides a smoother cutaneous surface, leading to a rejuvenated skin appearance.
Benefits

- Refines skin texture
- Anti-inflammation
- Increases collagen formation
- Removes hyperpigmented cells
- Stops production of excess melanin
- Whitens and prevents pigmentation
- Reduces the appearance of age spots and freckles
- Repairs damaged skin cells caused by UVA/UVB, pollution or other environmental factors

**BRIGHTENING SNOW CRÈME**

**How to use?**

*Step 01:*
Apply the crème generously in the morning and evening to the entire face, neck and décolletage area after cleansing routine. Avoid the delicate eye area.

*Step 02:*
Use the Brightening Tinted Sun Defense SPF50 PA+++ after application in the morning to maintain your skin’s newfound radiance and translucency.

Revel in absolute bliss as the crème brightens your skin to reveal a flawless and fair complexion. Notice that your skin becomes soft, and more after supple constant usage over time.

**Ingredients:** Water, Butylene Glycol, Isohexadecane, Tranexamic Acid, Ethylhexyl Palmitate, PEG-10 Dimethicone, Magnesium Sulfate, Glycerin, Dithiaoctanediol, Gluconic Acid, Sultilains, Beta-Carotene, Cyclopentasiloxane, Dimethiconol, Cyclohexasiloxane, Quaternium-90 Bentonite, Propylene Carbonate, Dimethicone, Polyglyceryl-4 Isostearate, Fragrance, Phenoxyethanol, Propylene Glycol, Diazolidinyl Urea, Propylparaben, Methylparaben.

Caution: Do not store in extreme temperatures. Discontinue use if any allergic reaction occurs.

05

INTENSE HYDRATION CRÈME
The ultimate thirst quenching crème for long-lasting hydration.

INTENSE HYDRATION CRÈME

Long-lasting hydration for your skin with absolute ease – and no grease! Specially formulated with trademark active ingredients, Moist 24™ and Hyaluronic Filling Spheres™. This Intense Hydration Crème offers complete hydration for your skin by moisturising the epidermis for up to 24 hours. Pledges to smooth deep wrinkles through biotechnology and enhance skin elasticity to reduce aging symptoms. To top it all, this advanced moisturiser is infused with a combination of powerful active ingredients and antioxidant blend that works to neutralise free radicals and ensures your skin stays hydrated and protected always.
VITAL INGREDIENTS

**Vitamin B5** works to support the skin in numerous ways, first by sealing in moisture through strengthening the skin barrier. Followed by rejuvenating and revitalizing skin to reduce aging effects. Vitamin B5’s Panthenol is known to soothe and soften skin while promoting the growth of new skin cells. Clinical research has also discovered that regular use over a period of four weeks has provided relief to systemic itching and soothing dry skin. Vitamin B5 also helps delay the appearance of premature aging (wrinkles and age spots). Vitamin B5 is a water-soluble vitamin that does not add any burden to the human body and is suitable for every age group and gender.

**Hyaluronic Filling Spheres™** Microspheres integrity is protected via freeze-drying Sodium Hyaluronate. Hyaluronic Filling Spheres™ utilises Hygroscopy technology to form the spheres. These spheres are first dehydrated, then filled up with water within the skin. Hyaluronic acid possesses a stunning capacity to attract and hold vast amounts of moisture – up to 1,000 times its weight! When applied topically to the skin, it can penetrate into the deepest skin layer to maintain and attract water. Hydrating skin from the surface to the innermost skin layers to lock, store and replenish moisture for soft, supple and smooth skin. It also promotes skin/blood microcirculation and nutrient absorption to restore your skin’s metabolism to its ideal state. Hyaluronic Acid also allows the skin to provide better defence against environmental stressors. This results in smoother, softer skin with decreased wrinkle formation. Its calming, hydrating properties are great for all skin types, even for rosacea-prone and eczema-prone skin.

**Moist 24™** is a vital ingredient with superior moisturising characteristics and long-lasting hydration for up to 24 hours. It attracts and retains moisture to the skin even in dry weather conditions and through skin-drying activities like showers and swimming. It helps to boost luminosity, maintaining moisture for enhanced suppleness and restored radiance. Improving cellular metabolism and enhance collagen synthesis to stimulate natural collagen production.
**Benefits**

- Provides optimal hydration for 24 hours without clogging pores
- Protects against damage from oxidative stress and free radicals
  - Minimises the appearance of fine lines and wrinkles
  - Supports the growth of new skin cells
  - Stimulates collagen production
  - Ideal for all skin types

**INTENSE HYDRATION CRÈME**

**How to use?**

**Step 01:**
Apply Intense Hydration Crème generously in the morning and evening to the entire face, neck and décolletage area after cleansing routine and Micro Treatment Lotion. Avoid the delicate eye area.

**Step 02:**
Use the Brightening Tinted Sun Defense SPF 50 PA+++ after application in the morning to maintain your skin’s newfound radiance and translucency.

Notice that your skin becomes soft, and more supple after constant usage over time.

ADVANCED MULTI-PERFECTION CRÈME
ADVANCED MULTI-PERFECTION CRÈME

It’s never been easier to achieve perfect skin. Dull and rough skin will be a thing of the past with Dr Haach’s Advanced Multi-Perfection Crème! Specially formulated with exclusive soothing ingredients Bisabolol (Chamomile extract) and ALPAFLOR® MALVA AO (Mallow flower extract). Advanced Multi-Perfection Crème repairs and calms sensitive skin, while SK-INFLUX® Ceramides simultaneously replenishes moisture and restores greater translucency to your skin. With regular use, your skin will be nourished. Experience smooth, radiant complexion with reduced irritation and skin’s protective barriers restored to fend off harmful ultraviolet rays.

With Dr Haach’s Advanced Multi-Perfection Crème, achieving skin perfection is just that simple.
**VITAL INGREDIENTS**

**Bisabolol** (Chamomile Extract) is derived from chamomile essential oil. Bisabolol bears the same calming and healing properties as its parent source, only in a more concentrated form. Apart from Skin penetrative abilities, Bisabolol possesses anti-irritant, anti-inflammatory, and antimicrobial properties. These make it a perfect skin-conditioning agent to rehydrated and repair damaged skin with the reduction of skin flaking due to dryness.

**Glycosyl Trehalose & Hydrogenated Starch Hydrolysate.** This vital ingredient protects the skin from harmful UV rays and enhances the skin texture. Trehalose possesses inherent rehydrating, water binding properties and antioxidant powers. It enables the skin to retain moisture to prevent skin drying and aging. Hydrogenated Starch Hydrolysate (HSH) is a mixture of several sugar alcohols that functions as a skin conditioning agent that increases the water content to various skin layers by drawing in moisture from the surrounding air.

**SK-INFLUX®** Ceramides is ideal for aging skin, dry skin and sensitive skin. SK-influx® is a skin-identical lipid concentrate that primarily serves to boost skin’s hydration and offers protection by restoring the protective barrier function of the skin.

**ALPAFLOR® MALVA AO** (Mallow Flower Extract). Best known for its ability to soothe dry, rough skin, Mallow flower extract is an anti-irritant and anti-inflammatory ingredient that serves to gently calm while simultaneously moisturising and nourishing your skin. A mallow flower-based cleanser also serves as a great makeup remover with intensive hydration capabilities.
Benefits

- Multitasking cream as a makeup remover and massage cream
- Purifying & whitening effects
- Repairs and calms sensitive skin
- Strengthens the skin’s protective barrier
- Prevents skin irritation from harmful UV rays
- Boosts radiance
- Intensive moisturising effect
- Increases skin metabolism
- Dissolves pollution rapidly
- Improves skin’s appearance (dullness)

How to use?

Step 01:
Can be used as Massage Crème / Makeup Cleanser.

Step 02:
Apply a palm-sized amount all across your face and gently massage in an upward motion until the crème has transformed into a silky oil. Gently wipe off the oil residue and follow up with Dr HAACH Cleanser to cleanse the skin thoroughly.

Ingredients: Mineral Oil, Water, Capric Triglyceride, Carbomer, Steareth-21, Steareth-2, Propylene Glycol, Cucumis Sativus (Cucumber) Fruit Extract, Glycosyl Trehalose, Hydrogenated Starch Hydrolysate, Tranexamic Acid, Bisabolol, Ceramide NP, Ceramide AP, Ceramide EOP, Phytosphingosine, Cholesterol, Sodium Lauroyl Lactylate, Xanthan Gum, Glycerin, Malva Sylvestris (Mallow) Flower Extract, Citric Acid, Sodium Benzoate, Potassium Sorbate, Triethanolamine, Phenoxyethanol, Fragrance, Propylparaben, Methylparaben.

Caution: Do not store in extreme temperatures. Discontinue use if any allergic reaction occurs.

**OIL CONTROL MATTIFYING MOISTURISER**

Dr HAACH Oil Control Mattifying Moisturiser promises to get rid of problematic skin issues such as excess sebum and blemishes. Pull the brakes on breakouts in teens and adults now!

Enriched with a skin-loving blend of ALPAFLOR® MALVA AO, ALPAFLOR® ALP®-SEBUM and Cytobiol™ Iris A2, this magical moisturising formula works to control oil secretion. Leaving the skin matt and smooth for a complexion free from grease. It works to combat oily skin while purifying the skin, minimising pores, visibly improving skin texture, and reduces skin imperfections. Attaining a smoother and younger appearance is now within your reach.

Non-greasy moisturising formulation adds hydration to your skin. It can prevent and treat blemishes and comedones. It prevents the pores from being blocked and then controls the inflammation caused by the growth of bacteria.

Dr HAACH Oil Control Mattifying Moisturiser is equipped with two active moisturising ingredients, Antarcticine® and MOIST™ 24. Both of which bears amazing moisturising capabilities in restoring the skin’s moisturising ability against external irritants for long-term moisturisation. Intensified with Oligopeptide-1, Oligopeptide-5, and Oligopeptide-10 to encourage the renewal of epidermis cells, promotes collagen proliferation, accelerates skin metabolism while repairing the damage caused by ultraviolet rays. Ensuring cell stability and fend against UV damages.
VITAL INGREDIENTS

Cytobiol™ Iris A2. A star ingredient curated with a synergistic blend of iris extract, vitamin A, and zinc. Clinically proven to purify the skin, minimise the appearance of pores and reduce skin imperfections. Containing anti-inflammatory properties critical for balancing oil metabolism and preventing acne formation. Iris is used for its anti-inflammatory, astringent and decongestant properties. Zinc is well-known for its antiseptic properties. 5-alpha-reductase is an efficient sebum regulator. Vitamin A is highly recommended for oily skin as it regulates seborrhoea through the synthesis of lipids.

ALPAFLOR® MALVA AO (Mallow Flower Extract). Best known for its ability to soothe dry, rough skin, Mallow flower extract is an anti-irritant and anti-inflammatory ingredient that serves to gently calm while simultaneously moisturising and nourishing your skin.

ALPAFLOR® ALP®-SEBUM ECOCERT, COSMOS. NATRUE organic certified ALPAFLOR® ALP®-SEBUM helps to reduce the overactive sebum production. High in Oenothein B and Flavonoid, effective in preventing pre-inflammatory formation. Its outstanding calming and oil excretion controlling results effectively prevent acne formation. Antarcticine® extract with advanced biotechnology protects the skin against dryness and erythema due to weather. An excellent source for better skin structural support by stimulating the formation of collagen I, IV and elastin. Expect a firm, elastic, toned and compact skin. Enriched with protein and carbohydrates, exhibits long-lasting moisturisation and enhancement of skin protective barrier to prevent loss of moisture. It efficiently reduces damage and irritation from the environment. It rejuvenates the skin with its superior wrinkle- and fine line-fighting powers.

Moist 24™ is a vital ingredient with superior moisturising characteristics and long-lasting hydration for up to 24 hours. It attracts and retains moisture to the skin even in dry weather conditions and through skin-drying activities like showers and swimming. It helps to boost luminosity, maintaining moisture for enhanced suppleness and restored radiance. Improving cellular metabolism and enhance collagen synthesis to stimulate natural collagen production.

Oligopeptide-1, Oligopeptide-5 & Oligopeptide-10. Extracted through biological technology with 3 to 7 times greater repairing capabilities than their predecessors. Oligopeptide-1, Oligopeptide-5 & Oligopeptide-10 prevent the effects of aging with their whitening, anti-wrinkle, moisturising and firming properties. Achieve a younger and fresher appearance. Several clinical studies have shown that topical application reduces the signs of aging, accelerates wound healing and mitigates damage from chronological aging and sun exposure.

Oligopeptide-1, also known as Epidermal Growth Factor (EGF), helps to repair epidermal cells, stimulates cell growth, accelerate skin metabolism, promotes cell stability, fights UV rays, and delivers significant improvements in the appearance of fine lines and rhytids. Oligopeptide-5, also known as Keratinocyte Growth Factor (KGF), repairs damage caused by ultraviolet rays. It also helps to brighten your skin with its whitening properties.

Oligopeptide-10, also known as Platelet Derived Growth Factor (PDGF), is effective towards treating acne symptoms and promotes the production of collagen to deliver anti-wrinkle and anti-aging benefits.
**Benefits**

- Helps skin stay clean and healthy
- Reduces sebum production
- Minimizes the appearance of pores
- Attain blemish-free complexion
- Refines skin texture
- Improves skin appearance (Matte and smooth finish)
- Improves moisture retention
- Prevents cutaneous dryness
- Repairs damaged skin
- Regenerates skin tissues
- Wound healing
- Reduces wrinkles
- Promotes collagen production
- Suitable for all skin types, especially acne and oily skin conditions

**OIL CONTROL MATTIFYING MOISTURISER**

**How to use?**

**Step 01:**
Apply the moisturiser generously in the morning and evening to the entire face, neck and décolletage area. Avoid the delicate eye area.

**Step 02:**
Use the Brightening Tinted Sun Defense SPF50 PA+++ after application in the morning to maintain your skin’s newfound radiance and translucency.

Notice that your skin becomes soft, supple and more after constant usage over time.

**Ingredients:** Water, Carbomer, Glycerin, Butylene Glycol, PEG-8, Pseudoalteromonas Ferment Extract, Oligopeptide-1, Oligopeptide-5, Oligopeptide-10, Imperata Cylindrica Root Extract, Epilobium Fleischeri Extract, Citric Acid, Potassium Sorbate, Malva Sylvestris (Mallow) Flower Extract, Alcohol, Propylene Glycol, Iris Florentina Root Extract, Zinc Sulfate, Retinyl Palmitate, Sodium Hydroxide, Salicylic Acid, Triethanolamine, Ethylhexylglycerin, Phenoxyethanol.

**Caution:** Do not store in extreme temperatures. Discontinue use if any allergic reaction occurs.
OXYGENATING MICRO BUBBLE MASK
Unveil your natural beauty and glow

OXYGENATING MICRO BUBBLE MASK

Put the buzz back into your skin with our brand new bubbly clean! Celebrate your natural beauty with a unique sensory experience featuring Oxygenating Micro Bubble Mask - The first-of-its-kind infused with micro-bubble particle technology, simply lay back and relax as the face mask gently works its magic on your skin. Face-forming foam cushion and 3D micro-bubbles instantly invigorate, detoxify and purify the skin to dissolve dirt, makeup, and grime. It also effectively treats blemishes and regulate sebum production. Brightens your skin while minimising the appearance of pores and improving skin texture. Your new found sparkling radiance and champagne glow is now within reach.
Collagen is a vital protein responsible for the skin’s strength and elasticity. This essential protein provides elasticity to the skin, helping it to appear more youthful and healthy. Collagen will also help slow down aging symptoms such as fine lines and wrinkles, loss of skin moisture and elasticity.

Hyaluronic acid possesses a stunning capacity to attract and hold vast amounts of moisture – up to 1,000 times its weight! When applied topically to the skin, it can penetrate into the deepest skin layer to maintain and attract water. Hydrating skin from the surface to the innermost skin layers to lock, store and replenish moisture for soft, supple and smooth skin. It also promotes skin/blood microcirculation and nutrient absorption to restore your skin’s metabolism to its ideal state. Hyaluronic Acid also allows for the skin to provide better defence against environmental stressor. This results in smoother, softer skin with decreased wrinkles formation. It is calming, hydrating properties are great for all skin types, even for rosacea-prone and eczema-prone skin.

L-Arginine is an amino acid that helps the body build proteins, reducing the harmful effects of external stimulants while repairing the epidermal layers from deep within. It stimulates our body to release anti-aging HGH (human growth hormone), which helps to slow down the aging process. L-Arginine also helps form L-Proline, a compound essential for the formation of collagen, thus enabling faster recovery. L-Arginine also contains antibacterial actives. These actives, along with anti-oxidizing agents, combine to fix any damage from environmental factors or aging to restore a youthful look.

Ranose. A trisaccharide comprised of galactose, glucose, and fructose, Ranose is a natural moisturising agent that protects the skin from cold or dry conditions resulting in softer and smooth complexion.

Sorbitol. Sorbitol is a humectant that possesses, superior water-binding capacity. Equipped with effective cell renewal powers by ensuring the underlying dermis remains fully hydrated. Improve skin tone, texture, firmness, and radiance. The molecules found in Sorbitol are similar to those in the human body, which makes them easy for the skin to absorb into its deeper layers. Sorbitol is also an excellent substance to be used on oily skin as it will moisturise and moisturise without clogging pores, leaving the skin silky smooth.

Dipotassium Glycyrrhizate, also known as licorice root extract. This skin conditioning agent reduces flaking and restoring suppleness occurred due to dryness or damage skin barriers. It also functions as an anti-irritant with anti-inflammatory and skin soothing capabilities and is effective in care for rough skin and acne. Studies have also shown that it inhibits the skin’s tyrosinase activity and melanin production, rendering it an ideal lightening/brightening agent.

Glycerin is hygroscopic and is often used as a humectant. It attracts moisture to the skin making it extremely effective in combating dry skin. The epidermis primarily contains a lipid base and topical application of Glycerin helps hydrate the skin and prevents lipid damage. Moisture-locking Glycerin provides hydration for a more supple, healthier and softer appearance.
Benefits

- Skin Detoxifying
- Helps skin stay clean and healthy
- Pores are less visible
- Blemish-free complexion
- Well-moisturised and radiant glow skin
- Skin become becomes whitened, softer, smoother and supple
- Enhances skin elasticity
- Suitable for all skin types and blemished-prone skin
- Free of mineral oils, lanolin, petroleum, and parabens

Ingredients: Water, Sodium Lauroyl Glutamate, Disiloxane, Cocamidopropyl Betaine, Glycerin, Dipropylene Glycol, Sorbitol, Diglycerin, Raffinose, Carborner, L-Arginine, Dipotassium Glycyrrhizate, Collagen, Hyaluronic Acid, PEG-60 Hydrogenated Castor Oil, Chlorphenesin, Fragrance.

Caution: Do not store in extreme temperatures. Discontinue use if any allergic reaction occurs.

OXYGENATION MICRO BUBBLE MASK

How to use?

Step 01:
Carefully spread the mask open. Apply the mask to face starting from the forehead. Smooth out any air bubbles, starting from your nose to your cheeks. Gently tug on the sides of the mask to fit the contours of your eyes (Micro-bubble particle will start to form).

Step 02:
Leave the mask on for 15 to 20 minutes. Remove the mask and massage the remaining serum into your skin in circular motions.

Step 03:
Rinse face and gently pat dry with a clean towel. Follow with Dr HAACH’s Serum and Moisturiser.
TREAT ADVANCED AGE
REVERSAL TIME CAPSULE
09
ADVANCED AGE REVERSAL TIME CAPSULE

Turn back the clock and supercharge your skincare regime with these age-defying wonder capsules. Dr HAACH Advanced Age Reversal time Capsule is specially formulated with cutting edge technology containing whitening ingredients, Lumiskin™, and Wonderlight™. It neutralises oxidants to reduce melanin formation. Hyaluronic Filling Spheres™ bridge the gaps in your skin with highly concentrated hydration to eliminate wrinkles and pores. Tocopheryl Acetate prevents collagen from premature disintegration. This will significantly enhance your skin’s elasticity. With Dr HAACH Advanced Age Reversal Time Capsules, time will fade away from your finest lines and deepest wrinkles, imparting only a radiant glow on your skin.
VITAL INGREDIENTS

**Caprylic / Capric Triglyceric & Diacetylboldine [LUMISKIN™]** As one of the key ingredients in the capsule, Lumiskin™ functions as a skin lightening, brightening, whitening and conditioning agent to prevent hyperpigmentation and UV-induced melanin synthesis. It also contains Diacetylboldine, a powerful ingredient that works at the Tyrosinase-level to reduce and control pigmentation, and is clinically-proven to be remarkably effective at improving the skin after only 10 minutes of application, increasing evenness and luminosity on the complexion by 10 percent.

**Caprylic/Capric Triglyceride & Humulus Lupulus (Hops) [WONDERLIGHT™]** As a vital ingredient present in the capsule, Wonderlight™ reduces active melanin cell amounts and composition. It also contains Humulus Lupulus, a calming agent high in tannins which can help reduce inflammation and promote detoxification. It can also help to fade old acne marks and balance moisture levels in the skin.

**Ethylhexyl Palmitate & Silica Dimethyl Silylate & Butylene Glycol & Sodium Hyaluronate [Hyaluronic Filling Spheres™]** Sodium Hyaluronate can absorb a large amount of moisture to smoothen smooth deep wrinkles through biotechnology. It also enhances moisture retention in the skin, rendering it more elastic. Tocopheryl Acetate Tocopheryl Acetate is a form of vitamin E and serves as a natural skin-conditioning agent and antioxidant. Particularly, it possesses anti-aging effects, enhances the destruction of free radicals, controls chafing and the healing of wounds. It creates a moisturising effect to nourish and smoothen the skin. Other benefits include enhancing the efficacy of active sunblock ingredients, reducing the formation of free radicals from exposure to UV rays, strengthening the skin’s barrier function, protecting the skin barrier’s lipid balance, and reducing transepidermal water loss.

**Squalane** is an excellent natural emollient that serves to smoothen and softens the skin. Similar to the skin’s natural oil (sebum), it spreads and penetrates the skin easily to function as an effective carrier for other ingredients. It enhances skin elasticity and protects it against moisture loss to create a luxurious, silky skin feel.

**Helianthus Annuus (Sunflower) Seed Oil** Extremely rich in vitamin E, Helianthus Annuus Seed Oil is a natural plant oil that possesses excellent moisture retention and skin softening capabilities. It also helps in forming a natural barrier on the outermost layer of the skin to protect it from damage. It is an extremely effective emollient which does not leave any oily residue on the skin, enabling smoother and longer lasting hydrated skin. The presence of antioxidants like Vitamin A, Vitamin C and Vitamin E in Helianthus Annuus Seed Oil makes it an excellent anti-aging ingredient because it manages to protect the skin from free radical damage as well as sun damage.

**Simmondsia Chinensis (Jojoba) Seed Oil** Jojoba oil nourishes and supplies essential nutrients to the skin. It possesses various dermatological benefits which include reducing skin inflammation and fighting acne. Due to its anti-inflammatory effect, jojoba oil helps in wound healing, skin infections and other afflictions, and even slows down aging in the skin. Studies have shown jojoba improves the feel of skin, and provides a substantial long-lasting, 24-hour skin hydration effect.
Benefits

• Powerful wrinkle filler, used as an alternative to surgery and fillers
  • Hyaluronic Filling Spheres™ helps to remove fine lines and wrinkles
  • Instantly smooths out deep wrinkles
  • Long lasting hydration
  • Smoothens out pores
• Instantly firms, tones and tightens the skin
  • Improves skin elasticity
  • Deeply nourishes the skin
  • Replenishes moisture loss
  • Seals moisture in the skin
• Radiant glow and fresh complexion (Satin silk finish)
  • Free of parabens, sulfates, is 100% cruelty-free
  • Suitable for all skin types

Ingredients: Cyclopentasiloxane, C30-45 Alkyl Cetearyl Dimethicone Crosspolymer, Dimethicone, Squalane, Helianthus Annuus (Sunflower) Seed Oil, Simmondsia Chinensis (Jojoba) Seed Oil, Polysilicone-11, Butylene Glycol, Humulus Lupulus (Hops), Sodium Hyaluronate, Caprylic/Capric Triglyceride, Tocopheryl Acetate, Diacetylboldine, Ethylhexyl Palmitate, Silica Dimethyl Silylate, Fragrance, Phenoxyethanol.

Caution: Do not store in extreme temperatures. Discontinue use if any allergic reaction occurs.

ADVANCED AGE REVERSAL TIME CAPSULE

How to use?

Step 01:
After completing your basic skin care routine in the morning and evening, continue the next step of your beauty regimen with the Advanced Age Reversal Time Capsule.

Step 02:
Gently twist the capsule to activate the serum. Dispense the serum onto your hand and apply onto entire face, neck, and décolletage.

*Use more capsules where necessary.

Step 03:
Use the Brightening Tinted Sun Defense SPF50 PA+++ after application in the morning to maintain your skin’s newfound radiance and translucency.

Rejuvenate skin and restore youth with Dr HAACH Advanced Age Reversal Time Capsule.

OLIGOPEPTIDES MARINE REVIVAL ESSENCE
Brace yourselves for the new age of regeneration with DR HAACH Oligopeptides Marine Revival Essence! Featuring super ingredients Oligopeptide-1, Oligopeptide-5, and Oligopeptide-10, the marine revival essence is the epitome of regenerating power. Fine lines and wrinkles are instantly eradicated to unravel an everlasting radiance and eternal glow. This professional ageless repairing formula energizes cell activation and gently calms redness on sensitive skin with unique peptides. Possessing superior skin brightening properties by preventing melanin formation. Flanked with active ingredient sidekicks AC Moisture-Plex Advanced PF, MPC Marine Placenta®, and Akoactive® Romae BG. Discover smoothness and elasticity with enhanced hydration now. Dr HAACH Oligopeptides Marine Revival Essence is gentle on skin, suitable for sensitive skin. Soothes and heals any redness and soreness after intensive treatments (intense pulsed light and laser treatments).
Oligopeptide-1, Oligopeptide-5 & Oligopeptide-10. Extracted through biological technology with 3 to 7 times greater repairing capabilities than their predecessors. Oligopeptide-1, Oligopeptide-5 & Oligopeptide-10 prevent the effects of aging with their whitening, anti-wrinkle, moisturising and firming properties. Achieve a younger and fresher appearance. Several clinical studies have shown that topical application reduces the signs of aging, accelerates wound healing and mitigates damage from chronological aging and sun exposure.

Oligopeptide-1, also known as Epidermal Growth Factor (EGF), helps to repair epidermal cells, stimulates cell growth, accelerate skin metabolism, promotes cell stability, fight UV rays, and delivers significant improvements in the appearance of fine lines and rhytids.

Oligopeptide-5, also known as Keratinocyte Growth Factor (KGF), repairs damage caused by ultraviolet rays. It also helps to brighten your skin with its whitening properties.

Oligopeptide-10, also known as Platelet Derived Growth Factor (PDGF), is effective towards treating acne symptoms and promotes the production of collagen to deliver anti-wrinkle and anti-aging benefits.

AC Moisture-Plex Advanced PF. A perfect blend of Glycerin, Sodium PCA, Urea, Trehalose, Polyquaternium-51 and Sodium Hyaluronate. AC Moisture-Plex Advanced PF enhances the integrity of skin barrier, reduces moisture evaporation, improves skin lipid balance while boosting cellular renewal. Urea is capable of binding water in the stratum corneum to prevent water loss while moisturising the skin. It also functions as an effective exfoliating agent to smoothen and soften the skin, which normally becomes rough and flakey after desiccation. Trehalose overcomes environmental osmotic and oxidative stress, while Sodium Hyaluronate promotes cellular repair and renewal to minimise damage.

MPC Marine Placenta®. Featuring nucleic acid, elastin and 18 types of amino acids and placenta extract. It is an anti-allergy, anti-aging, and whitening component. Containing properties to improve and mitigate blackened-pore while preventing melanin formation. This nutrient-rich aquatic ingredient closely resembles the properties of human skin, allowing greater absorption to restore skin’s radiance and glow while reducing sensitivity. Bio-compatible in countering the effects of aging such as age and sunspots.

Akoactive® Romae BG. Rich in polyphenols and flavonoids that aids in reducing fine lines and promoting greater elasticity and smoothness. Its anti-aging properties improve the elasticity and hydration of the skin. Significantly reduce the depth and amount of wrinkles.
Benefits

- Smoothing out wrinkles
- Moisturising and hydrating effects
- Evens skin tone
- Anti-aging properties
- Strengthens the cell’s self-healing function
- Accelerates recovery
- Promotes collagen proliferation
- Repairs epidermal cells and accelerates skin metabolism
- Promotes cell stability
- Protects against UV rays
- Repairs damage caused by ultraviolet rays
- Promotes the activity of fibroblasts
- Soothes and heals any redness and sensitivity after intensive treatments such as intense pulsed light and laser treatments

OLIGOPEPTIDES MARINE REVIVAL ESSENCE

How to use?

**Step 01:**
Apply Oligopeptides Marine Revival Essence in the morning and evening, after Dr HAACH Cleanser and Micro Treatment Lotion.

**Step 02:**
Dispense 5 to 6 drops of Oligopeptides Marine Revival Essence on your palm or on a cotton pad. Gently spread onto cheeks, forehead, and chin starting from the center of your face in an outward motion. Follow through to your neck and down towards your clavicles.

Gently press your hands on areas that require enhancement to aid the absorption.

Caution: Do not store in extreme temperatures. Discontinue use if any allergic reaction occurs.

BRIGHTENING TINTED SUN DEFENSE SPF 50 PA+++
30ml
Dr HAACH’s Brightening Tinted Sun Defense SPF 50 PA+++ is formulated with advanced UVA/UVB defence and pollution protection technology. It provides a breathable coverage while offering broad-spectrum UV protection against harmful ultraviolet rays and pollution.

Dr HAACH’s Brightening Tinted Sun Defense SPF 50 PA+++ shields your skin with antioxidants and sun protection of SPF 50 PA+++, The curated blend of antioxidant-packed ingredients defend against environmental stressors as it protects and covers. Keeping your skin smooth, supple and brimming with vitality. Anti-aging, prevention of wrinkle formation, reducing pigmentation and stop collagen loss. Even out your skin tone and mask any imperfections while imparting a light-infused translucent glow. Gain full protection that you need for the day. With Dr HAACH’s Brightening Tinted Sun Defense SPF 50 PA+++, you’ll never have to choose between UV protection – or the state of your skin again.
VITAL INGREDIENTS

BRIGHTENING TINTED SUN DEFENSE

Titanium Dioxide is a natural mineral effective in the protection of broad-spectrum UV rays (UVA and UVB) and is photostable. It serves as an inorganic UV filter that scatters, reflects and/or absorbs UV radiation, shielding skin from damage. Titanium dioxide is also proven as a safe and cosmetic ingredient that is often used in sunblocks for sensitive and acne-prone skin.

Octyl Methoxycinnamate (OMC). An FDA-approved UV filter commonly used in sunblocks and cosmetics, OMC absorbs UVB rays from the sun and naturally disperse within the body without any potential harm of skin darkening. It protects the skin from damage and reduces scars.

Lactobacillus/Pear Juice Ferment Filtrate. Derived from premium European pear juice, Lactobacillus is rich in lactic acid, and minerals with proven qualities. Smooth skin, promote metabolism, improves skin elasticity, moistures and reduces wrinkle formation. It also softens and refreshes skin with a pleasantly cool sensation while calming the skin and tightening pores. Keeping your skin smooth and fine-textured always.

Ascophyllum Nodosum (Brown Algae) Extract. Commonly found in the upper middle section of the pristine Atlantic waters. Ascophyllum Nodosum contains 14 vitamins, 16 amino acids, and various seawater minerals. It contains high levels of antioxidants that possess great hydrating and nourishing abilities. It soothes irritation and boosts circulation to aid cell renewal and elimination of impurities.

Asparagopsis Armata (Red Algae) Extract. One of the oldest life forms on the planet, Asparagopsis Armata is rich in vitamins, minerals, and amino acids. It serves as a powerful antioxidant with antibacterial properties. It is a highly valued ingredient in cosmetic and skincare products. It deeply conditions and hydrates the skin while nourishing, rejuvenating, detoxifying and replenishing minerals at the same time, offering essential skin vitality to maintain a youthful appearance.

Glycosyl Trehalose & Hydrogenated Starch Hydrolysate. This vital ingredient protects the skin from harmful UV rays and enhances the skin texture. Trehalose possesses an inherent rehydrating, water binding properties and antioxidant powers. It enables the skin to retain moisture to prevent skin drying and aging. Hydrogenated Starch Hydrolysate (HSH) is a mixture of several sugar alcohols that functions as a skin conditioning agent that increases the water content to various skin layers by drawing in moisture from the surrounding air.
Benefits

- Powerful UVA/UVB filters with SPF 50 PA+++  
  - Helps detoxify the skin from the harmful effects of environmental pollution  
- Hydrates, soothes and repairs the skin instantly  
  - Evens out skin tone  
- Eliminates dullness and brightens the skin  
- Minimise the appearance of pores and pigmentation  
  - Effective antioxidant that protects cells from environmental aggressors  
- Fast-absorbing, lightweight formula that leaves a satin matte finish  
- Tinted Sunblock to enhance your natural skin tone  
  - Allows makeup to set for longer wear

How to use?

Step 01
Apply after you have cleansed and moisturised your skin, prior to applying makeup, if you are planning to wear any.

Step 02
Apply Brightening Tinted Sun Defense SPF 50 PA+++ with your fingertips and glide it in an outward motion starting from the center of the face.

Caution: Do not store in extreme temperatures. Discontinue use if any allergic reaction occurs.
